18/027

Flooding on Rectory Road

The water level appears to be the same even though we have had a dry spell of weather. Previously the Parish Council were advised that more investigation was needed to find out the cause of this however at that time the weather was preventing this. County Councillor Erskine will look into this.

18/028

Damaged Footpaths

Both footpaths damaged by farm machinery earlier in the year have now been levelled and the grass cut back. The clerk has received an email from a resident thanking the Parish Council for their help in the matter. It was *Resolved* that the Clerk should write a thank you letter from the Parish Council to the Agent.

Consent forms were handed to Councillors to sign to give permission to have Agendas and Minutes emailed to them.

Declarations of Interest were also checked so any updates can be made.

It was felt that the Parish Council should have a statement in place should a situation arise where a Councillor is unable to attend for 6 consecutive meetings due to circumstances beyond their control. It was *Resolved* to contact TDC and take advice from them.

18/030

Playing Field

This was covered under item 18/024.

18/031

Operation London Bridge

TDC have asked that Parish/Town Councils should have a plan in place ready for when there is an announcement that the Queen has passed away. This should be for a book of condolence, area to place floral tributes etc. It was felt that this item should be discussed when more Councillors were present. It was **Resolved** to move this item for discussion at the next meeting.

18/032

Report by District Cllr Bush

District Cllr Bush advised he is still being contacted regarding the overgrown hedge on Rectory Road. This has been brought to the attention of TDC as the speed limit for this road is the national speed limit therefore it can be dangerous to not be able to see oncoming traffic when travelling round that area. TDC have now deferred this to ECC to inspect. County Cllr Erskine will also look into this.

The forthcoming closure of certain bus routes such as the No 3 to Clacton were discussed. District ClIr Bush has voiced his concerns as the loss of the bus route will lead to many people being unable to travel to work, it can also cause problems for the elderly leading to more isolation. Some of the early buses and ones which run during school opening and closing times are under ECC which means they will be looking into this. There are some other bus companies looking into taking on some of the routes due to finish.

It was reported that crime in the area is on the increase. There had been a number of burglaries in Great Oakley both to properties and sheds. At a Harwich Crime Prevention meeting it was seen that crime is moving out of the town and into the surrounding rural areas.

18/033

Report by County Councillor Erskine

The drainage on Rectory Road had already been discussed in item 18/027. Highways funding was discussed and it was felt that more money could be available for work but only if District Councils fund matched however at present nothing more has been heard about this. The idea of fund matching has been queried by Councillors as to do this takes away funds from District Councils.

Cutting back of footpaths has been seen as another issue as at present footpaths are only cut back once a year. One idea put forward has been to have volunteers trained to do the cutting but this has had little interest. County ClIr Erskine was asked if public rights of way could be cut back by Parishes but at present they are now allowed to. It was felt this may work in the future but probably only in larger Parishes who have volunteers and funding to cover this. At present County ClIr Erskine is trying to get permission for the Tendring Rangers to cut back the footpaths. A discussion followed as to whether the Parish Council could have footpaths cut back as part of the grass cutting and maintenance contract. They were advised that if Parish Councils were to do this would they would need a separate budget and a consultation with residents first to see how well used the paths were and if there was a need for this.
